THE BRAINLINE SYLLABUS

BrainlineCOMPACT is an exclusive Brainline-interwoven Grade 10 and 11 curriculum that delivers core content in one academic year, accommodating time constraints whilst preparing a student for Grade 12. Brainline is registered with the Independent Examination Board (IEB) and therefore uses an IEB-aligned curriculum. The IEB sees education as learning that must be innovative, have integrity, and be internationally comparable. Brainline's curriculum thus complies with the statutory requirements of the CAPS curriculum while adapting the content and assessment to focus on problem solving, and critical and creative thinking rather than rote learning, thereby ensuring a high educational standard.
