THE BRAINLINE SYLLABUS

Report2Go is a product that offers learners, who are completing the lawfully required year work outside the Brainline framework or who enrol for BrainlineEXPRESs, a convenient option to obtain a valid year-end report. Brainline is registered with the Independent Examination Board (IEB) and therefore uses an IEB-aligned curriculum. The IEB sees education as learning that must be innovative, have integrity, and be internationally comparable. Brainline's curriculum thus complies with the statutory requirements of the CAPS curriculum while adapting the content and assessment to focus on problem solving, and critical and creative thinking rather than rote learning, thereby ensuring a high educational standard.
